Referring to his action as a member of the Board of Pardons of Pennsylvania in voting for the pardon of certain mentbers of the Legislature and others upon sentence passed for bribery, Mr. Quay said the facts were thoroughly discussed before his election as State Tressurer and, subsequently, to the Senate. He had not personal interest in the legislation involved. His vote was in accordance with law and with the action of his and carried unan mously. colleagues and compelled by the fact that the sentence imposed by the court was illegal. The charge that he at-tempted to procure the pardon of a man named Lynch, under sentence for fcrgery, by threats delivered personally to Mr. Byers, of Pittsburg, is a lie. Equally false is the story of his escape from the Pitteburg rioters of 1877 under the tutelage of Dalzell, Mr. Quay said he would have to delve into ancient history to dispose of the charge of bribery and corruption as a member of the Pennsylvania Legislature, nearly twenty-five years ago, in connection with an action for libel against Thean, editor of the Pittsburg Commercial. "With characteristic malignity, my assailants have been careful to emphasize the fact that the case was never pushed for trial. They fail to state that the libel was quashed. IN REGARD TO MARICOPA COUNTY'S DELINQUENT TAX ROLL.

Delay in the Publication Liable to Lose the County Half of Its Revenue-Where the Blame Lies.

occasioning much comment, especially February 15. since THE REPUBLICAN'S exposure of the present illegal status of the situation. Maricopa is the only county in the Territory that has been so remiss, and inquiry naturally arises as to the identity of those responsible for such state of affairs.

James K. Murphy, late Tax Collector of Maricopa county, was asked, yester- parent, has been requested to return day, by a REPUBLICAN representative, if from England, where she now is, be could account for the delay. Mr. olied: "The list this year me

over one-half be the delinqu be effected by his charge."

Gibson's resignation has been tendered original tax roll. From the time it was Jim Burge, light weight. The battle roll was of course a great job, nearly as received at the Tax Collector's office, about the middle of December, a skilled the twenty-sixth round by a right-hand clerk was constantly at work upon it, but its size was so great that he did not

complete it until January 8. Then it was given to the Supervisore."

Murphy was lionized for his splendid pluck under punishment and it was the opinion of all that he done much to reon the roll, if it was already made out?" "He had to copy off that portion that was to be printed."

"Was that necessarily a very lengthy piece of work?" "Oh, no; it could be done easily in wo or three days."

County Treasurer Rosson, when interrogated upon the subject, said; "All that I can say of the matter is this: received the delinquent tax list from the Board of Supervisors on January 12. prepared a copy for publication and urned the same over to the clerk of the Board of Supervisors on January 30. On February 2 the Board returned the list with instructions to have it published in the Gazette, and I thereupon took the copy to the Gazette office. I have the publishers' receipt for it, dated February 2, the day when by law it should have been published."

J. B. Long, clerk of the Board of Sup-ervisors, said: "The copy for printing of the delinquent tax roll was received by me from the County Treasurer on Saturday, January 31, at about noon. The list was given to me in order that the Board might approve of it and designate the newspaper in which its publica-tion should be made. There was no session of the Board Saturday, the last having been several days earlier in the same week. At the meeting on Monday, February 2, I presented the list to the Board, its publication was directed in Board, its publication was directed in the Gazette, and at once I returned it to has since held pastorates at Crested Treasurer Rosson."

"What do you consider the cause of this delay in its publication?" "Well, it appears as though the Treas-urer had been a little slow in getting up

the list to print." From the above interviews, it will be seen that the blame would appear to attach to the County Treasurer, who put off to the very last the presentation of the printer's digest of the roll, though having over two weeks in which to do so. The Gazette makes no publication on Mondays. The law stipulates that the roll shall be printed on or before the first Monday in February, and to have assured its publication in that, the offi-cial paper, the copy should have been in the hands of the printer, at the latest, in

time for Sunday morning's issue. But, wherever be the blame, the con dition that confronts the county is that the delinquent tax list of Maricopa county is legally valueless, for the law that directs its publication has been flagrantly violated. Nothing would appear to be competent to correct the illegality of the publication, save an especial act by the Legislature and with even that there is doubt if the courts would sustain such act. There is an alarming situation at hand, with about half the taxes of the county in such a condition that collection is impossible and prompt measures will be needed to save that portion of the revenue to the

county treasury. Charley Cole started with lumber and supplies this morning for the Agua Fria. He will start a station about a mile

# A MINE ON FIRE.

Another Underground Calamity Occurs Yesterday in Pennsylvania.

Pritsburg, February 16 .- The Meyer mine near Scottdale, Pa., is on fire. Four pumpers are known to have been killed. Six or seven men are reported missing. Fifty men were at work when the explosion occurred. The fire was kindled by a miner's

lamp, which dropped to the bottom of the 100 foot shaft. Its burning accumulated gas and caused a terrific explosion. Moutz creek has been turned from its course into the mine.

Tonight the fire is still raging in the Meyer mine. Three men are known to have been burned to death. It is rumored that ten or eleven more Hungarians are in the mine, but the officials deny this and say that all but James above and across the river from Frog Waddel and John and Robert Rohevil have been accounted for.
